Council to procure four bushels of rye grass and have it harrowed into the Recreation Ground. The grounds to be closed during the springing of the grass.

March, 31. 1881.

From Geo. J. Middleton. Hon. Sec. Wallaroo Football Club - - - Replying to yours of 15th inst.. I am instructed to thank you for granting Oval for our matches and practising, also the free admission of members, a list of whom will be supplied before season commences. Re- gate money, my committee think that it is grasping at a little too much to expect to take the whole of the proceeds of the gate, they therefore respectfully suggest that the matter should be reconsidered, and that we be allowed one third of the proceeds and bear half the expense of men at the gate.

Of course you are aware that we need not necessarily play on the Oval at all, but we have the interest of the Corporation at heart, as well as our own.

*Wallaroo Football Club.----The proposal of the Wallaroo Football Club to build a club and dressing room on the local oval area,was before the Wallaroo Council at Monday evenings meeting,consequent on the receipt of a letter from the secretary(Mr F.J.Pengelley)to that effect.
The letter stated that the clubroom would be built of stone and pug, faced with lime and sand, and that the dimensions would be 20ft by 40ft.
The matter was discussed by the Councillors,who stated that the need of a clubroom was obvious,as the present room was inadequate.The site of building was a matter that should be carefully considered,and the works committee should see to it that the proposed building was put where it could best serve its purpose.It was finally resolved,on the motion of Crs.R.H.Woolley and E.F.Wilkins,that the request of the club be granted,subject to the approval of the works committee.*

Wallaroo Oval ----- Grand Stand to be built.

*On Friday evening a public meeting was held at the Wallaroo Town Hall to consider the question of making improvements at the Ornamental Ground.A committee which had been appointed by the Town Council to submit a scheme for the carrying out of the improvements submitted its report.
After the question had been fully discussed it was resolved that it was desirable that certain improvements,including the erection of a grand stand be carried out.Debentures of 1pound,bearing interest of 4 per cent,are to be issued,and the Mayor ,four councillors,representatives of the Football,Cricke and Tennis Clubs,and the Town Band were appointed a committee of management.
The Mayor of Wallaroo(Mr J.F.Herbert.M.P.),who has taken a great interest in the proposal,stated that the approximate cost of a grand stand would be 350pounds,but he considered that it would be well under*

this as a portion of the work would be done voluntry. Mr F. Stimson a local draughtsman, had kindly offered to supply plans and specifications free of cost, and a number of residents had also intimated their willingness to render practical assistance. The meeting was well attended and the project is being taken up most enthusiastically, and no difficulty is anticipated in raising the necessary funds. It is understood that the Football Club will vote a substancial amount, and other clubs will doubtless follow suit. It is proposed that the money raised by debentures shall be repaid from the proceeds of concerts and other entertainments to be held, and these present pledged themselves to assist in carrying out the scheme. The need of a grand stand at the Oval has for many years been keenly felt.
